

# CABIN AIR FILTER – INSTALLATION INSTRUCTIONS

Part No.: **CAF1911P**

Est. Installation Time: **less than 10 min.**

Jeep Wrangler (2009-2010)

1. The Cabin Air Filter is located behind the glove box
2. Open the glove box, push in on the side of the glove box to release the stops, and remove the glove box.

3. Ensure the recirculating air button is on and unclip the left door of the filter housing.

4. Remove filters and replace with new filters, sliding the first one to the right to make room for the second.
5. Reverse steps 3-1.

This is only a guide and may not be for exact model. See Owner's manual and/or local mechanic for exact instructions for the particular model.
